Elderly GC Man Hit On Madison Ave. Dies

27 Persons are Injured In Wave of 36 Other Accidents on Weekend

An elderly Granite City pedestrian was killed and injuries were suffered by 27 persons in a wave of 36 weekend traffic accidents occurring in and near the Quad-Cities.

A pedestrian, Harold R. "Pappy" Gwin, 75, of 2435 S. Madison avenue, suffered fatal injuries when struck by a northbound auto as he walked westward across Madison avenue at 25th street at 10:40 p.m. Friday.

Mr. Gwin was treated initially at St. Elizabeth Hospital and then was transferred to the Firms Desloge Hospital, St. Louis, where he died at 1:50 a.m. Saturday.

Unconscious from the injuries when treated here, he had a large laceration on the scalp and a severe left leg injury.

An inquest is to be held in St. Louis.

Four witnesses and the motorist who sold Mr. Gwin, apparently failed to see the car. It skidded to the left as the brakes were applied in an effort to avoid striking him.

The pedestrian continued to walk westward and entered the path of the vehicle, which was brought to a halt in a southbound lane on the opposite side of Madison avenue.

There was damage to the hood of the auto, which was driven by Miss Margaret Crawshaw, 24, of 2725 Harvey place.

A native of Granite City, Ill., Mr. Gwin had resided in Granite City most of his life. Until retiring 11 years ago, he was employed as a maintenance mechanic at Union Electric Co.

He was a member of Operating Engineers Local 148 and Fraternal Order of Eagles Aerie 1128 of Granite City. His wife, Mrs. Doris Louise Gwin, died in 1955.

Among the survivors are a son, Robert Gwin of Granite City; three brothers, Everett Gwin of Portland, Ore., and Dean and Russell Gwin, both of Chicago; five sisters, Mrs. Flora Lloyd of Glen Ellyn, Ill., Mrs. Louise Bell and Mrs. Georgia Brown, both of Portland, Ore., Mrs. Mary O'Brien of Harvey, Ill., and Mrs. Virginia Gwin of Chicago; six grandchildren and three great-grandchildren.

Funeral arrangements are given in today's obituary column.

Four Hurt at Mitchell

Four persons were hurt about 4 a.m. Saturday in a two-car crash at Route Three and the Chain of Rocks road. The auto of Lowell Dallas, 24, of 1901 Edwardsville road, overturned, knocking down a stop sign and crossing a lane divider.

Dallas and two passengers, James Weynick, 35, of 2119 Benton street and George Bass, 33, of 2117 Benton street, received emergency treatment at St. Elizabeth Hospital.

Dallas had a cut on the left

HOMER L. JOHNSON

Homer Johnson Dies; Active in Local Groups

Homer Johnson, 43, of 2122 Johnson road suffered a fatal heart attack at his home Saturday evening and passed away a short time after being admitted to St. Elizabeth Hospital. He had been under medical care.

President of the Paddlers' swimming club in 1965 and active in its operation for the past seven years, he had spent all of Saturday at the Paddlers' helping prepare it for the 1967 swimming season.

A Metropolitan Life Insurance Co. agent for 19 years, Mr. Johnson attended Southern Illinois State Teachers Association and the Granite City Area Council of PTA-Teacher Associations and the Coolidge junior high school PTA. He led citizen support of the 1964 school bond election.

He served as vice-president of the Southwestern Illinois Swim Association and secretary of the East Side Life Underwriters' Association and had been chairman of the small business division of the United Fund drive.

Born in Carbondale, Ill., Mr. Johnson attended Southern Illinois University and was in the Army three years, including service in Europe. He moved to Granite City in 1948.

He held a life PTA membership award, formerly was a member of the Granite City Kiwanis and held many offices in the Nameoki Methodist Church.

Active in the Boosters of the Fighting Warriors and the Knott's boys' baseball program, he often served as a scrimmage line official at high school football games. He participated in the Boy Scout program and held membership in the Licensed Funeral Directors Association.

He is survived by his wife, Jean; one son, James Allen Johnson, a Granite City high school student; one daughter, Abby, Kankakee, Ill.; and his father, James Johnson, Carbondale.

Funeral arrangements are given in the obituary column.

Landolt Again Heads County Board; Briggs Bid Dropped

Harold Landolt, supervisor of Alhambra township, was re-elected chairman of the Madison county board of supervisors for the fifth consecutive year this afternoon.

Expected opposition to Landolt's bid for re-election from Harry Briggs, supervisor of Nameoki township, failed to materialize.

Landolt was elected by acclamation shortly after noon Saturday. During its regular meeting the board voted an increase in per diem fees from \$20 to \$25 for supervisors elected to new terms in the April 4 township elections.

It also approved a per diem increase from \$25 to \$30 for board

of Review members and increased Landolt's salary as county excise commissioner from \$1000 to \$2000 per year.

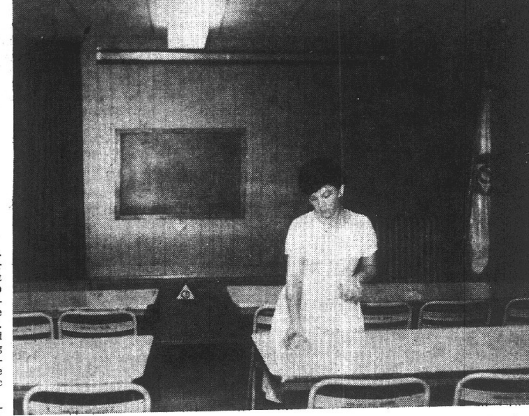

The board voted seat at large supervisors elected April 4.

Reorganization of the board was delayed past the noon hour by a lengthy discussion of a proposed landfill installation in Edwardsville township near the Southern Illinois University-Southeastern Campus.

A delegation of 30 residents of the area appeared to protest the proposal on grounds it would lead to pollution of Cahokia Creek which runs through the area, and that it would devastate property.

The number of emergency cases has almost doubled in the last 10 years and we have almost no emergency room service. Last year, we had 17,500 emergency cases. We expect that figure to increase drastically in the next few years. We are going to have to be prepared to handle a major emergency. We have a very capable emergency staff, but we desperately need new and expanded facilities.

Resident Doctor
Glik pointed out that the staffing of the emergency room is a major problem. During the past year, we have had a number of full-time resident doc-

No Doubt About Major Federal Sewer Aid

Fourth of Seven Articles
Substantial federal aid to Granite City — is it a dream? No, it is tangible and it is guaranteed, Granite Citizens For Better Sewers report.

A Scotsman has been chosen as the symbol of the drive for "yes" votes in the special sewer election Saturday, May 6. The point made is the thriftiness of the proposal from the standpoint of local voters.

"Federal help is assured — if we act now," the Better Sewers group explains.

"The initial grant of \$1,500,000 from the U. S. Department of Housing and Urban Development has been fully certified and approved for use by Granite City. It has been appropriated and passed by Congress, and without any question whatsoever will be available with approval by voters May 6.

Time Running Out
A 200-day period for local acceptance was set at the time final action was taken on the grant by the federal government last fall. We are within this time period, but must not delay beyond May 6 or we can lose the \$1,500,000.

A total of \$6 million aid from the federal government and/or other sources is included in the overall plan being submitted to Congress. Grants beyond the first \$1,500,000 have not been allocated at this time, nor are they sought or needed at this time. Granite City will have plenty to do in the coming months carrying out the first \$1,500,000 phase (\$1,000,000 from Uncle Sam), it was pointed out.

Edge On Other Cities
But the ballot has been so worded that with their single "X" vote for "Yes," May 6, Granite City can place itself in excellent position to receive additional funds in subsequent years, bond attorneys and engineers planning the program believe.

Most other cities applying for such funds will be telling Uncle Sam that they will try to make use of grants. Granite City will be able to promise that it can put the federal aid to good use since its election May 6 specifies sewer improvements in, not merely some, but all areas of the city.

Granite City's readiness — due to thorough advance planning — enables it to outdo other U. S. communities in obtaining the \$1,500,000 grant.

Similar readiness — due to the advance voter authorization for the sewer vote — was pointed out.

Investigating further, they saw him face down in the water, his feet protruding from the creek. Air had collected in his trachea and he was unable to breathe.

An inquest will be held.

Mr. Maas had been residing for the past eight months with his son, Paul, a Granite City high school industrial arts teacher, who lives at 2441 Edison avenue. He also is survived by another son, Walter Maas of Dupon, and grandchildren. He was preceded in death by his wife, Mrs. Maas.

more functional location. It will include three examining rooms, five treatment rooms, a trauma room, a waiting room, a consultation room, and observation room used as a supply room, and storage-utility area.

The present facilities are located at the south end of the hospital's 192 wing. It consists of three examination and treatment rooms, a waiting-reception room, and a doctor's room, which is used as a supply room, and an office.

Glik said the new emergency department is just one of the many body needed facilities the campaign will make possible.

The kick-off of the public phase of the campaign is scheduled for May 2.

Bandit Captured In Liquor Store, Wounded Twice

3 Shots Fired at 20 Police Surrounding Building in Madison

Rapid police work enabled an armed bandit to be surrounded inside the Ace Liquor Store, Fourth and State streets, Madison, at 11:30 p.m. Saturday. He was wounded twice in being captured.

No one else was injured, but the robber fired at least three shots at the 20 Madison, Granite City and Venice police who participated.

Charged with attempted murder and armed robbery, Alvin Cole, alias John Johnson, 28, Alton, is undergoing treatment at St. Elizabeth Hospital, where his condition today is fair. Bond was set at \$25,000 on each charge yesterday by Magistrate Andreas Matosian.

When he entered the store he allegedly ordered a half-pint of Scotch whisky, which was placed in a brown paper bag. Bond was set at \$25,000 on each charge yesterday by Magistrate Andreas Matosian.

The alleged bandit might have escaped if he had not been immediately arrested, but instead he stopped to tear a telephone off the wall, they said. By then, police had arrived and the arrest began.

Madison officers credited their prompt response to a motorist who had called a patrol car at Fourth and Washington avenue. "I don't know if it means anything, but there are some men walking around with their hands up," he related.

The two officers in the car sped to the front of the building, but instead he stopped to tear a telephone off the wall, they said. By then, police had arrived and the arrest began.

Roof Top Thief Peels Safe; Steals \$350 at GC Firm

An agile thief obtained \$350 in cash from a safe at the West Tre Co., 2248 Madison avenue, Friday night.

He climbed to the roof of the shop portion of the building, cut holes in the roof and lowered himself to the floor, a police investigation showed.

Turning the floor safe, which has wheels, he placed it so he could utilize light from a night light in the storage room. Then he knocked off the combination, partly peeled open the safe door, punched through to open it and gathered up the money inside.

The safecracker left through the roof by climbing an aluminum stepladder which he moved to the opening.

The front office apparently was not entered. The break-in was discovered during the weekend.

A combination lock was knocked off a safe Friday night at the Feder-Huber furniture store, 1988 State street, it was discovered at 10:40 that night. However, entrance to the safe was not gained.

The would-be safecracker entered the store by forcing open the front door with an unknown object, police said.

Hardware Store Entered Twice
A burglar succeeded in entering a workshop and storeroom at the Southwest hardware store, 1913 State street, Friday night, to gain access to the sales area.

A crowbar was used to splinter and open double doors at the rear of the building. Nothing was stolen as missing.

Southwick's was entered a second time during the weekend. A patrolman found the rear door broken open at 9:30 p.m. Sunday, apparently with a pry bar. The inner door was pried open and office and display cases were ransacked. A crowbar was found on a work bench in a rear room. It was not determined if anything was missing.

Lake School Burglary
A tape recorder with seven-inch reels, a slide projector and a radio were taken in a burglary Friday night at Lake grade school on East 23rd street. Entry was gained by breaking out a window near a door on the northeast side. Desks were ransacked in two offices and the furniture room, and contents of open burning of wood and other materials were burned.

Sue Olmsted of Gregory reported on 10:10 p.m. Sunday that she had found her wallet containing \$28 and papers while she was at the First United Pentecostal Church between 11 a.m. and noon.

A burglary at the Mexican restaurant, 1111 S. Madison, was reported on page 19, col. 1.

Two officers, one from Madison and one from Venice, entered the front of the store as the man was being towed toward living quarters in the rear.

When the man walked into a hallway, the Venice policeman knocked him down with a bullet that entered his left forearm. The

Fire Damages Large Apartment Building Here

Fire that began in an unoccupied furnished apartment at 4:30 a.m. Sunday routed all residents of an apartment building at 944 N. Edwardsville avenue. No one was injured.

Firemen estimated the loss at \$6000 — \$1000 to the contents and \$5000 to the two-story frame building, which is owned by Paul Maykroter. There are about ten apartments.

The blaze started in a kitchen on the main floor. Main damage was confined to the southwest corner on the first and second floors, and there was smoke damage elsewhere.

Firemen remained at the scene for two and a half hours. Most of the tenants, including infants, spent the time sealed in autos outside the building.

The fire afforded the first opportunity to use the new aerial ladder fire truck delivered to the department last week.

The health service noted that an open burning produces a heavy black smoke and offensive odor which are both a community nuisance and a potential hazard to health.

Recognizing the need to find a way of bringing the air pollution problems under control, the city health department asked the Solid Wastes Program to develop methods of salvaging scrap metal from 100,000 freight cars that go out of service each year.

Announcing the research contract, Leo Weaver, head of the Solid Wastes program, said he needed "to protect the public from the waste."

Walter Davis Recipient of Scout Silver Beaver Award

Four hundred scouts and their ladies attended the 17th annual scout leader appreciation in memory of the unknown Eagle Scout who—through his good turn to William D. Boyce—was responsible for scouting coming to America.

This award is given for outstanding service for five or more years, and the number awarded is limited, based on the number of units in each district.

Scouts from the Uniwah district receiving the "Oscar" were David Byrd, scoutmaster, Troop 45, Dunbar school, Madison; Alex Thorpoff, assistant scoutmaster, Weaver street, Venice, and Gerald Harner of Collinsville.

Davis has been active in scouting for over 30 years, having served as institutional representative for the Bethel Methodist Episcopal Church in Madison for most of that time.

He has also served as cubmaster and as a member of the troop committee of Troop 45 at Dunbar school. At present he is a neighborhood commissioner in the Uniwah (Quad-City) district.

Harner has been registered for 31 years, starting as a Boy Scout in the old Mississippi Valley Council, East St. Louis. He earned his Eagle badge in 1946 and has served as assistant scoutmaster, scoutmaster, district committee member, training course instructor, and as assistant district commissioner for Boy Scout roundtables in the Illinois district.

George T. Watkins, council vice-president, a member of the Silver Beaver committee, was in charge of the Silver Beaver presentation ceremonies, assisted by Henry Henn of Granite City and Rollin Gray of Collinsville, also Silver Beaver holders.

Forty-eight of the council's 59 Silver Beaver recipients since 1931 are still living.

Unit Quality Awards Victor Drexelius, council vice-president, presented 15 personalized golden rulers to unit leaders throughout the council who achieved 270 or more points in the Invitation to Adventure achievement program that is related to improving the quality of scouting in the council.

To qualify, units had to score in all six parts of the program: advancement, camping, training, participation in activities, recruiting and retaining members.

Unit leaders from the award were Thomas Watkins, Webster PTA Pack 20; J. Robert Shanks, Prodan, Pack 41; Joe Moutria, Wilson PTA Pack 122; Edward Yates, First Presbyterian Church, Troop Eight; and Glen Hommert, St. Elizabeth Troop 13, all of Granite City.

Dr. M. W. Grimm, also a volunteer, presented the award to the unit leaders.

Carl E. Mathias, service area manager for Illinois Power Co. and council president, thanked the volunteer leaders for their service to boys.

"The success of scouting as a great world movement depends on its volunteers," he commented. He paid tribute to those who have personal contact with boys—"these are the most important men in scouting," he said.

Mathias said the council has 160 volunteers and "a very great need for more."

Group singing was under the direction of Milton Allen, past council president and a Silver Beaver holder. He was accompanied at the piano by Albert Froemling, council treasurer, who is president of Madison County Federal Savings & Loan.

Howard Kaseberg, council vice-president, was master-of-ceremonies. Edward Applegate, dinner chairman, was assisted by John Pelarik, Gene H. Sternberg and Al Stover of Granite City; Dr. H. B. Weaver, Greenville; Robert Wildhaber, Highland; and Council Commissioner William Shindel, Edwardsville.

Prayer was offered by Rev. L. Mattingly, St. Elizabeth pastor, and there were opening and closing ceremonies by scouts from St. Elizabeth, the Gresham Activity Organization and Central Christian Church.

Conduct Charge Filed Roy Wiggins, 47, no address, was arrested at 5:30 p.m. Thursday at 1804 State street on a disorderly conduct charge.

Favors Dinner Method "As far as I am concerned, it is the ideal method of raising money, producing substantial income with no huge debt obligation to any single source. As campaigns go, it was rather inexpensive."

"The figures of personal income must be balanced with the expenses which are part of public service. Hotel and travel expenses, for example, run high for a legislator even in an 'off-season' year."

"My income tax records show that I have contributed to 44 different tax-deductible charitable organizations. Postage, office expenses and other obligations of a public official add to the expense side of things."

In announcing the figures, Senator Simon said: "This campaign is my first in which I did not have to dig too deeply into my own pocket. For I am indebted to the Madison County Democratic Central Committee for their primary endorsement, and to many generous people who helped with the campaign expenses."

"The biggest single source of income was the dinner. Vasilopoulos contributed to a total of \$553.32 to the County Demo.

Campaign expenses totaled \$636. Senator Simon reported. These included payment of \$260 to the Madison County Democratic Central Committee, \$148 for political dinners, \$700 for postage, \$248 for secretarial services, \$102 for telephone, \$170 for advertising and printing, \$387 for travel, \$237 for political donations, \$88 for miscellaneous supplies.

Applications for GI Home Loans—123,000

More than 123,000 applications for GI Home Loans have been received from post-Korean Conflict veterans under the 1966 GI Bill, the Veterans Administration reported today.

The reports, from the VA's field stations across the nation, covered the period March 1, 1966 (when the new law went into effect), to Feb. 28, 1967.

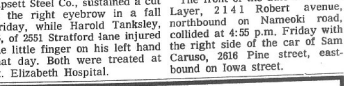

During the first full year of operation 312,399 post-Korean Conflict veterans were declared eligible for GI Home Loans. More than 89,000 loans were made during the first year.

Under the three GI Home Loan programs—world war II, Korean Conflict and the 1966 GI Bill—about 7 million GI Home Loans have been made with a face value of more than \$64 billion. The deadline for GI Home Loans for veterans of world war II is July 25, 1967.

160 to Take Part in GCHS Vocal Concert Thursday

The second of two spring choral concerts by the vocal music department of Granite City high school will be presented at 8 p.m. Thursday in the school auditorium with three choral groups totaling 160 voices participating.

The concert, directed by Warren G. Simpkins, will be about an hour in length and is open to the public without charge.

Participating will be the advanced mixed chorus, boys' glee club, and cantando (advanced girls' glee club). A miniature musical drama, "Speak up!" (Zaninelli) will be sung by the advanced mixed chorus which will also sing "Soon—Ah Will Be

Done" (Dawson) with a solo by Mike Farrell.

The boys' glee club will sing "America, Our Heritage" (Steele) and "Down the Open Road" (Haney) with a solo by Gary Stanek. Cantando will sing "The Sally Gardens" (Britten) and "Come All You Fair and Tender Ladies" (arranged by Ehret) with a solo by Gayle Cox. The choruses will combine to conclude the program with "The Battle Hymn of the Republic" (Steife-Klingwald) with a piano accompaniment written for four hands at one piano and played by Janet Young and Robert Ashcraft.

Guest soloist on the program will be violinist Miss Linda Lee Beane, orchestra director of the Granite City schools, who will play "Reverie" (Debussy). Miss Beane, who attended MacMurray College, was graduated from the University of Illinois with a Bachelor of Arts degree in music education. In the spring of 1964, she toured South and Central America for four months with the University of Illinois Symphony Orchestra under the auspices of the State Department as a cultural exchange group.

Appearing with Miss Beane in one number will be violinist Cynthia Settemoir, a member of the orchestra. Piano soloists on the program will be Janet Young and Ann Aufderheide. Piano accompanists will be Janet Young, Karen Cochran and Ann Aufderheide.

'Get Acquainted Program'

Open House Tomorrow at CD Building in GC

Explosive disposal devices used by specialists of the 50th Ordnance Detachment (ED), stationed at the Granite City Army Depot, may be included in a public display of emergency equipment during a "Get Acquainted With Civil Defense Night" at 7 to 10 p.m. tomorrow, sponsored by the Granite City civil defense unit.

The display also will include the new 85-foot aerial ladder truck which was placed in service last week by the Granite City fire department and the latest model Red Cross mobile disaster canteen units provided by the Bi-State Red Cross Chapter, it was announced today by Victor H. Koenig, local CD director.

All Quad-Cityans are invited to attend the open house type program to be held in the refurbished Granite City civil defense headquarters, 1411 Nineteenth street. Koenig said that invitations have been extended to the mayor, city officials, members of the Civil Defense Advisory Council and other civic leaders. The director said that barring conflict of commitments military technicians from the Explosive Disposal squad will be on hand tomorrow to explain and demonstrate their equipment. In addition, members of various civil defense services and affiliated organizations also will be available to describe their emergency assignment.

Ladder Demonstration
Rescue trucks, an amphibious DUKW and other emergency vehicles will be parked outside the CD headquarters on 19th street between State street and Grand avenue, the official said. He added that the new fire truck will be demonstrated on the DAV parking lot, located next to the CD building.

Visitors to the center also may

inspect other equipment such as radiological detection instruments, scuba-diving gear, radio communications and training facilities inside the headquarters building. Refreshments will be served at the center's operations room.

Koenig pointed out that tomorrow's open house will be the first public showing since work has been completed in renovating and refurbishing the former main fire station. Volunteers from the various CD services, spearheaded by the Granite City auxiliary police, have been responsible for reconditioning the former run-down structure, Koenig said.

Among the groups whose members will attend are: Granite City Auxiliary police; rescue service; communications teams; Civil Air Patrol (adult pilots); Civil Air Patrol Cadet Corps; shelter personnel; Bubbleman Scuba Diving Club; Bow Line Boat Club; American Red Cross; Salvation Army; operations center staff and administrative personnel, including members of the Granite City Junior Service Club.

No Conflict Found in Meat Sales to County

No conflict of interest was found against Harold Landolt, chairman of the Madison county board of supervisors, over the sale of meat products through his firm to county institutions, State's Atty. Leon Scroggins reported Friday.

Allegations of conflict of interest had been leveled by Roger Elble, who was assistant supervisor of Wood River township, while waging a successful campaign for election as township supervisor.

Landolt, who operates a slaughter house and market in Alhambra, has been providing meat products at a wholesale price to his son, R. F. Landolt, who in turn has been selling the merchandise at wholesale to the Madison county jail, nursing home and tuberculosis sanatorium.

Landolt, seeking re-election as chairman of the county board today, was being opposed by Harry Briggs, Nameoki township supervisor. Both were re-elected as supervisors of their townships on Nov. 4.

Scroggins ruled that to proceed with either a civil or criminal action in the case, it must be shown that Landolt had a certain, definable, pecuniary or proprietary interest in the transaction. He added that there is no direct financial interest in the contract on the part of the board chairman.

Conduct Charge Filed
Dexter Harmon, 17, of 6 Iris avenue, Pontoon Beach, was booked by Pontoon officers at the Granite City police station at 1:30 a.m. Saturday on a disorderly conduct charge. He was released on \$100 bond pending a hearing.

GCHS Band Preparing To Play Bach Chorales

The 27th annual Spring Festival concert of the Bach Society of St. Louis will be presented at 7:30 p.m. Sunday, May 7, at Kiel Auditorium Opera House.

The Mass in B Minor by Johann Sebastian Bach will be performed by the 100-voice Bach choir accompanied by an orchestra drawn from members of the St. Louis Symphony. William Heyne, musical director of the Society, will conduct.

Soloists for the performance will be Paul Thompson, soprano; Inci Basarir, contralto; Jonathan Riggs, tenor, and Malcolm Smith, bass.

The Granite City high school band directed by Louis Meek will play Bach chorales in the Opera House foyer before the concert. Tickets may be obtained at the Kiel Auditorium box office and the Aeolian Co., 1094 Olive street.

Gathering of 300 Told Read to Learn, Banquet

More than 300 teachers and administrators attended a meeting of the Madison-St. Clair Counties Reading Council at Granite City high school Thursday evening. Among those participating were several guests from St. Louis schools.

Dr. H. Alan Robinson, president-elect of the International Reading Association, was the featured speaker. He urged that more reading be taught in conjunction with all subjects, rather than during separate time periods only. He stressed "reading to learn" rather than "learning to read," and urged the teachers and principals who attended to "charge the air" with interest in reading.

Dr. Robinson offered practical suggestions for making books and book centers more attractive to students. He also proposed that parents and school personnel set a model of behavior by

increasing their own reading experience, especially at times when children could observe them.

He concluded by outlining ideas for making reading a subject of greater interest to students of all age and grade levels. Mrs. Daisy Kennedy, president of the bi-county reading council, presided at the meeting and welcomed the guests.

Guests of honor introduced were Granite City School Supt. B. J. Davis and Mrs. Davis; GCHS Principal Lawrence McCauley and Mrs. McCauley; Mrs. Thelma Benson, Wood River, bi-county council president-elect; Dr. David Baer, Southern Illinois University, council past president; and Mrs. Julia Stroemer, Cahokia, bi-county secretary-treasurer.

Miss Rosemary Kabureck of Granite City supervised arrangements for the event.

Venice high school, Jo Austin and Linda Levy; teacher, Mrs. Betty Haug.

GC Steel Opens Sales Office In Chicago

The Granite City Steel Co. has opened a Chicago sales office in Park Ridge, Ill., with Travis J. Wright as resident manager. It was announced Friday.

John A. Leschen, vice-president-sales, said Granite City Steel Co. is "expanding our marketing efforts to prepare for the increase in our production capacity and competitive ability which will come later this year when we complete a basic oxygen furnace steelmaking plant and computer-controlled hot strip mill."

Leschen said the company already is supplying a growing number of flat-rolled steel users in and around Chicago which is the center of the largest steel consuming market in the world.

Granite City Steel Co. supplies a 25-state market area and Illinois already is the company's leading state in shipments, Leschen said. The company has a district sales office in Moline, Ill.

Wright, the new resident manager of the Chicago office, has been a salesman in the Memphis district sales office since 1957. He is a 1947 graduate of the School of Engineering at Washington University.

THE LAMP IN THE WINDOW

Symbolic of the earlier days of American pharmacy was the lighted lamp in the drugstore window. All through the night it glowed, a beacon of hope, a symbol of unselfish service. Although the historic lamp is now practically extinct, the fundamentals of pharmaceutical practice have changed but little. The responsibilities of the pharmacist are greater today than ever before — he is a vital factor in medical care. Your patronage is invited.

LITTLE LEAGUE TEAM

Player Vacancies

Team positions are still available for the major, minor and senior divisions of the Nemoqui-Pontoon Little League, according to Herbert Strickland, spokesman for the league.

Minor division boys should be 8-10 years old, major division boys 12-16.

Those living in the Nemoqui-Pontoon area and interested in playing baseball this summer may contact George Lazoff at R. 6-6671.

Burns Next MHS Baseball Head Coach

Larry Burns will replace Earl McClannahan as Madison high school baseball coach beginning next season and Mike Gravelle, who graduated from Madison high school, will begin assistant coaching duties this fall.

In addition to assisting in coaching basketball and football at the freshmen and sophomore levels, Gravelle will teach social studies and mathematics. He will transfer here from Meigs, Savannah, Ill., high school.

Forty-seven applications have been received by the Madison school board for head football and basketball coaching positions at Madison high.

The coaching positions will be open this fall when McClannahan, head basketball and baseball coach, moves to the principalship of Madison Junior high, and Glenn Pickering, head football coach and track coach, moves to student counseling and guidance duties at Madison high school.

Soccer Season Titles Decided

Merle Norman Cosmetics won 1-0 over St. Elizabeth in YMCA soccer play Saturday at the St. Elizabeth fields to capture first place in the Peevée division. Both teams were tied for first place going into the final game.

A Collinsville Kickers-St. Elizabeth game in the Alton division was scheduled for Saturday, but St. Elizabeth still finished first due to a one-point season advantage. Teams are graded on two points a win and one for a tie. St. Elizabeth finished with four wins and two ties while the Kickers finished with four victories a loss and a tie.

In the Bantam division, champion St. Elizabeth beat Mitchell in the club 2-0. In the Midger division, champion MAC downed Roysky Realty 6-0.

Collinsville Kickers won the Collinsville division with a season record of five wins and one loss.

Warriors Lose No-Hitter But Capture 1967 Conference Title

Despite losing a no-hitter to Edwardsville 3-1 Thursday, the Granite City high school Warriors baseball team clinched the Southwestern Conference title.

The nearest competitor, Collinsville, had a mathematical chance to tie the Warriors for first place but lost to Alton 2-1 Thursday.

It was the first loss for GCHS and fourth for the Kahoks. Edwardsville Pitcher Jim Brunworth managed to hand-

cuff the Warriors, giving up no hits and only one base on balls while striking out 11.

The Warrior run was scored by Roger Coakley in the first inning on a sacrifice fly by Paul Kacera.

Two fielding errors helped the Tigers score three runs in the third.

Granite City had three errors and Edwardsville two. The Tigers totaled three hits.

Mike Hoy went five innings for the Warriors, striking out three, walking two and giving up the three hits. When he tired, Hoy was relieved by Steve Lengyel for the last two innings. Lengyel fanned one batter.

"At the beginning of the season we had poor pitching and excellent defense, and now it's just the opposite," Joe Fedora, Warriors coach commented.

The Warriors are 9-1 in conference play and 14-4 overall, with two ties.

III. State Baseball Pairings Announced; Regionals at GC

Four hundred and seventy-five downstate and suburban schools are entered in the 27th annual Illinois High School Association baseball tournament.

Tournament contests will begin the afternoon of May 8-10. Granite City will host a regional tournament May 15-17.

GC Nine Tops St. Louis U. High 2-1, 12-4

Warrior Steve Conway doubled and came across the plate in the tenth inning to win the first game of a doubleheader with St. Louis University high 2-1 for the Warriors here Saturday, scoring the only run.

In the second game, the Warriors bombed the Junior Billiards 12-4.

St. Louis U. high opened scoring in the first game with a run in the third inning. But in the fifth Warrior Gary Simpson, who had singled, tied the game, scoring on a single by Bob James.

Roger Coakley was two-for-four at the plate to lead the hitting for the Warriors.

Three Warriors divided pitching duties. Jim Becker struck out six, gave up three hits and walked five in the first four innings. Ronnie Laws struck out one and gave up one hit in the one and a half innings.

The Warriors tallied three runs in the second inning of the second game and continued to expand their lead with six runs in the third, two in the fifth and one in the sixth.

St. Louis U. high managed single runs in the first, fourth and two in the fifth.

Leading the 15-hit GCHS attack were Jim Stuart, two hits and two RBIs; Bob James, two hits; Charles Bequet, three hits; and Bob Johnston, two hits.

Coakley hit a triple to center field, driving in three runs in the third inning.

Steve Lengyel, who pitched the first five innings for the Warriors, homered in the second inning. He fanned four batters and walked two.

Gary Stank finished for the Warriors, striking out two, allowing five hits and walking one.

Rain Postpones Auto Racing Opening Night

Forty-seven super-modified sprint cars waited in the infield for the opening race of Tri-City Speedway's 1967 season Friday but rain beginning at 8:15 p.m. caused postponement of the event.

The qualifying event had been run, and the downpour started 15 minutes before race time, causing spectators to dash for their autos.

The race program has been rescheduled for this Friday, April 28. Four more entries have been received for the season opener.

Tri-Captains Elected By Baseball Warriors

The Granite City Warrior baseball squad elected three captains for the current season after Saturday's doubleheader with St. Louis University high.

Paul Kacera, Steve Conway and Roger Coakley were elected tri-captains. Kacera plays third base, Conway plays first base and Coakley is the right-fielder.

GC 2nd in 25-School Track Relays

The Granite City Warrior track team scored five firsts, one sophomore first, two thirds and a fifth place to total 54 points and share second-place honors with Danville in the 25-team meet Saturday at Marion.

Warrior Bill Davis broke a 31-year GCHS school record set by Steve Gallauer in the 220-yard dash, finishing in 22.6 seconds.

Davis placed third at Mattoon, indicating the intensity of the competition.

Warrior Jim Jones swept the 100-yard dash in 10.4 seconds and the sophomore 220-yard dash in 22.1 flat. Dave Mullineux won both the high and low hurdles for the Warriors with times of 15.5 and 16.2 seconds, respectively, tying the relay record in the low hurdles.

Sophomores Mullineux, Ron Jones, Joe Arice and Jones won the sophomore 880-yard relay in 1:38.5. The varsity relay team of Keith Gauen, Rick Barth, Carl McDowell and Bill Davis finished third in the 880 in 1:34.5.

Also in the varsity division, the team of Joe Pashea, Dave Lomax, Gauen and McDowell placed third in the mile relay in 3:39.1.

Warrior Dave Salich won first in the "big boy" 100-yard dash (for trackmen weighing 200 pounds or more) with a time of 10.8.

Tom Niebur scored the Warriors' only fifth place, finishing the sophomore half-mile run in 2:14.2.

The Warriors were tied with Champaign with 48 points while Danville had 46 going into the final event, the mile run. Granite City finished third, Champaign first and Danville second in that event.

"We are extremely pleased with the team's performance. And, I know the boys are pleased too. They brought back a school and a coach trophy, plus 19 individual trophies," Jim Morrison, Warrior track coach, commented.

Regional Lineup

Collinsville, Cahokia, Belleville West and St. Joseph-Triad district winners will advance to Granite City for regional play-offs.

The winners of the Cahokia and Belleville West districts will play the first game and the winners of the Collinsville and St. Joseph-Triad districts will play the second game.

Alton and Carlville district winners will play in the first game of the Litchfield regional.

Granite City and Pittsfield regional winners will play in the second game of the Staunton sectional May 22-24. Litchfield and Springfield-Landmark regional winners will collide in the first game.

Stanton and Olympia Fields-Rich Central regional winners will play in the second game of the state finals.

Game times of the single elimination tournaments will be announced later.

Junior Sports Jamboree Set For May 27

The annual Granite City Jaycees and Illinois Youth Council seven-pounds Junior Sports Jamboree will be held Saturday, May 27, at Granite City high school, according to Ray Mawdy, Jaycees project chairman.

Winners of the district will compete in sectional events July 1-3 at Alton. Sectional winners will advance to the state finals Aug. 3-5 at Pekin. Granite City hosted the State Sports Jamboree last year.

Entry blanks for boys and girls 10-15-years-old as of Aug. 27 may be obtained from school physical education instructors or Jaycees. Theme of the jamboree is "Any Child Can Compete."

Assisting Chairman Dawdy are Jaycees James Jeffries, entries and registration; Mike Day, awards; Jack Ritchie, manpower; Boyd Presley, judging; James Watkins, sound system; Earl Dotzauer, publicity; and Floyd Peterson, results.

PROMOTERS OF FIRST world championship wrestling bout ever held in Utah were Ernest Schellenger, Granite City (left, standing) and his brother, Harold T. Schellenger, Pontoon Beach (second from left, standing). Champion Gene Kinski successfully defended his title against Pat O'Connor in the April 15 bout. Seated (left to right) are Salt Lake City Mayor J. Bracken Lee and Utah Governor Calvin M. Ramsey.

Others standing are Hugh Brinkhous, director of the Utah state fairgrounds where the bout was held, and Rocky Ford, who joined in the promotion. The governor led a parade marking the occasion. Arrangements are being made for regular professional wrestling matches in that state.

Triad Rally Edges Trojans

"After being shut out for four innings, Madison high school took a 3-2 lead in the fifth inning, but were beaten 6-5 here Thursday by a four-run scoring spree by Triad in the sixth inning.

John Ervin led the Trojans with three hits and Bill Campbell had two hits.

After picking up two runs in the bottom of the sixth, the Trojans failed to rally in the seventh and final inning.

Don Bunk pitched until being relieved in the sixth by Larry Wilkiewicz. Greg Wasylak finished on the mound.

The Trojans had six hits and three errors, and Triad seven hits and two errors.

By the high winds, River fishermen are waiting for a return of lower water levels.

The State Department of Conservation reports fishing good at the Washington County Conservation Lake near Nashville, and average at the conservative lake near Knoxville and near MoLeansboro.

Although lake temperatures are ranging in the middle 60's and some fishermen say the bass already are spawning, there have been no reports of action on surface lures. Likewise, a hatch of black flies observed during the weekend seemed perfectly safe from bluegills and green sunfish as they relied on the surface of the water.

Crappie fishing continues good at Horseshoe Lake, Cairo, although fishermen are hampered by the high winds.

A nice warm Saturday, the winds quick, most Southern Illinois lakes dotted with fishing boats—and almost a blank on the beach reports kept by the various boat dock operators who assist with compiling this weekly report.

Three newspaper people who attended the Southern Illinois Editorial Association meeting on the day of the week, and caught a few fish, stayed over to try the fishing, ran into the Saturday doldrums. Willard Moore of Staunton plugged a bass during the past week and caught a two-pound bass on a Current River jig, while Leonard Klein and Glen Michaelson of the Collinsville Veterans, stayed over to try the fishing, ran into the Saturday doldrums. Jr. Girl Scouts Hike at Mounds

Junior Girl Scout Troop 275, sponsored by Nidriehaus school PTA, met Friday afternoon at the school and on Saturday spent the day hiking at Cahokia Mounds State Park.

At the Friday meeting, Mrs. Ruth Jones, co-leader of the troop, gave a talk on Girl Scouting and what it stands for. Giving reports on their badge work were Sally Skirball, Beverly Edwards and Amy Bono. The girls sang songs, discussed their planned hike, and also talked about the troop's trip next week to the police clinic in St. Louis.

On Saturday, the girls hiked in the Cahokia Mounds area. Winners of a nature scavenger hunt were Dawn Oram, Diana Holmes and Diane Gaines. The girls then toured the museum, played dodge ball and enjoyed sack lunches with their leaders providing soft drinks.

Attending both events were Cindy Allen, Amy Bono, Janice Edwards, Beverly Edwards, Diane Gaines, Lane Groz, Mary Beth Hillmer, Diana Holmes, Vicki Jarrett, Lois Jones, Kamm Kamblich, Elaine Lockhart, Susan Miller, Brenda Mueller, Dawn Oram, Lisa Rankin, Beth Robinson, Jennifer Sage, Candy Shomenia, Sally Skirball, Becky Van Hall, Robin Wagner, Sherie Worthen and Marjann Yewin, with their leaders Mrs. Ed Jarrett and Mrs. Ruth Jones.

Guests of the troop were Cindy Amberger, Rae Ann Stanton, Dawn Gasparovic, Roger Mueller, Miss Linda Groz and Mrs. Lorene Mueller.

Transportation was provided by Bill Rankin, Earl Jarrett and the leaders.

Surprise Party On Anniversary

Mr. and Mrs. Rudy Dick, 2126 Clark avenue, were given a surprise party Friday evening, the occasion being their 15th wedding anniversary.

Among those present were Mr. and Mrs. Charles Gilmore and family, Mr. and Mrs. Tom Papp and sons, Mr. and Mrs. Kenneth Cowan, Mr. and Mrs. Steve Henke, Mrs. Susan Henke, Mr. John Papp, and the guests of honor and their family.

Refreshments were served and gifts were presented to the couple.

Plan St. Joseph School Picnic

Parents and Friends of St. Joseph's school held their monthly meeting in the church basement Thursday evening, with Donald Smith, vice-president, conducting the business session.

Mrs. Theresa Patrick, secretary, and Mrs. Bertha Vasyak, treasurer, submitted reports and Sister Mary Lawrence spoke to the members on pending book.

A discussion was held on the annual school picnic May 23 at Wilson Park. The all-day event is completely planned.

The group voted to donate a sum of money to the school to be used for the eighth grade graduating class.

Also discussed was a bake sale to be held May 7 in the church basement following each of the three masses. Mrs. Lou Norton and Ann Vasiloff will provide following the 8 o'clock service. Mrs. Rose Hall and Mrs. Margie Perdue following the 9 o'clock service and Mrs. Bertha Vasyak and Mrs. Theresa Patrick after the 11 o'clock service.

Another project will be to purchase books for the school library to be used by first and second grade children.

Guest speaker at the next meeting will be Mr. Dr. Cameron Meredith.

The meeting was closed with prayer by Rev. Philip Kraft. Refreshments to 22 members.

Bridal Shower For Nancy Harris

A spring-bridal shower was given yesterday afternoon at the home of Mr. and Mrs. William F. Hoelscher, 3132 Princeton drive, in honor of Miss Nancy Harris, whose marriage to Gary Vandever will be celebrated on May 13. Hostesses were Mrs. Hoelscher and Mrs. Max Evert, an aunt of the bride-to-be.

A dessert course was served from a buffet table banked with daisies.

Guests were seated at individual small tables covered with yellow linen cloths and centered with bouquets of daisies. Baskets filled with miniature flowers and tied with lace in the bridal colors of yellow and white marked the seating arrangement.

Bridesmaids of Miss Harris, Becky Speer, Kathy Richy and Linda Harris, presided at the punch bowl and coffee service. The flower girl, Gretchen Hoelscher, six-year-old daughter of the hostess, assisted the bride-elect with the gift packages.

Among guests were the bride-to-be's grandmothers, Mrs. Garvin Butler, Mrs. Ruby Wagner and Mrs. Lloyd C. Harris; and Mesdames Hector Zavalsky, Jose Pineda, Howard Guenther, Garvin Butler Jr., Robert Butler, Mrs. Phillips, Richard Yates, Carl Ranft, Alvin Kahler, Ralph Anderson, Robert Krause and Chester Breckenridge. Other guests of the bridal couple, Mrs. William Harris and Mrs. William Vandever.

Pastor Honored At Dinner

Rev. Eugene Phillips, pastor of Third Baptist Church, with Mrs. Phillips and the deacons and their wives, gathered at Burns Cafeteria Saturday evening for a smorgasbord dinner and social time.

The occasion was a farewell party for Mr. and Mrs. Lawrence Miller, who are leaving to reside in Steelville, Mo., and to honor Rev. and Mrs. David Richardson, who have recently moved to Granite City. Rev. Richardson, who accepted the position of assistant pastor and music director at the church.

The table appointments were carried out in decorations of bygone days, including apple peels, butter molds and coffee mills. Place mats were of checked gingham and place cards represented overall clad men and women in gingham dresses and bonnets.

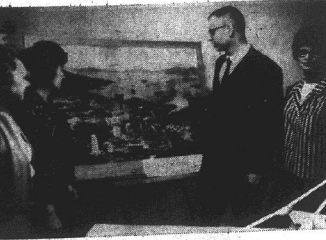

Games and singing were enjoyed after the meal. Other guests were Mr. and Mrs. Raymond Bryfield, Mr. and Mrs. Glen Brown, Mr. and Mrs. William Carmack, Mr. and Mrs. Booth Carrington, Mr. and Mrs. Milton Cox, Mr. and Mrs. Gomer Heil, Mr. and Mrs. Ed Johnson, Mr. and Mrs. Bonard Maples, Mr. and Mrs. Eugene Rogers, Mr. and Mrs. Charles Turner, and Mr. and Mrs. Charles Worster.

Robert-Pinkerton Nuptials

Mrs. Kathleen Pinkerton, 1822 Cleveland Blvd., and Thomas E. Robert, Detroit, Mich., were married Saturday morning at St. Joseph's Catholic Church.

The ceremony was performed at 9 o'clock and a reception followed at the Travelodge. The couple left afterward for Detroit where they will reside.

Attendants at the wedding were Miss Toni Fazio and Sam Mazza, daughter and son of the bride, Mrs. Blanche Scantling, and Mr. and Mrs. Joseph Fowler.

LIFE IN HONG KONG shown being discussed by Rev. and Mrs. Manfred Berndt (right). Women's Missionary League members pictured, left to right, are Mrs. Oscar Moehle, Mrs. Henry Soehnlin (behind Mrs. Moehle) and Mrs. Raymond Schubert.

Herman to Head PTA at Parkview

Francis Herman was elected president of the Parkview school PTA Thursday night. Other 1967-68 officers will be Robert Kirgan, vice-president; Mrs. Ruben Mendoza, secretary; and Mrs. John Farrell, treasurer.

Installation of the new officers will take place at the May 18 meeting, when instrumental music students will present a program.

Plans were made for the first annual Parkview school picnic Saturday, May 25, in Worthen Park.

Detective Sgt. Joseph Nemeth of the Granite City police department, the "Helping Hand" program, is which specially-marked homes will serve as havens for pupils against molesters and bullies.

The PTA unit has approved establishment of the program.

President William F. Winter said proceeds from a spaghetti supper and school sweatshirt sale will enable additional improvements to be carried out at the school. Projects so far this year have included furniture for the teachers' lounge and equipment for the school library.

The unit was thanked by the school district for its participation in the open house at which Parkview school was dedicated last month.

Announcement was made of an Area PTA Council meeting at 7:30 p.m. April 27 at Webster school, where the topic will be special education. It was noted that activities by Parkview pupils will be among those exhibited at the annual Area PTA student art show May 15 at Granite City high school.

Area Churches to Observe Hospital Sunday next week

Next Sunday will be "Hospital Sunday" in churches throughout the Quad-Cities, and clergymen of all faiths are to include messages of the work of St. Elizabeth Hospital in serving the community in their presentations.

The observance is being held for the hospital's current \$1,000,000-\$1,500,000 fund campaign for modernization and expansion of the facilities here.

The theme of the programs being distributed to local churches is "The Good Samaritan." It points out that St. Elizabeth Hospital is the center of healing for the local community and that today the hospital is "at a crossroads."

The demand for services provided by the hospital has reached the point where the various departments must be enlarged or modernized to continue filling Quad-Cities' needs, it is being stressed.

Hospital's Needs

These needs include medical and surgical beds, the x-ray department, laboratory, operating rooms, emergency department and obstetrical department. All of these facilities now are inadequate or outdated.

Churches that will participate in the Hospital Sunday observance are:

Good Shepherd Evangelical United Brethren Church, Rev. Phillip Burke Jr., Madison First Methodist, Rev. D. Goodie Love; Cedarview General Baptist, Rev. Otto B. Clark; United Presbyterian, Rev. David B. Maxton; Reorganized Church of Jesus Christ of Latter Day Saints, Rev. Raymond E. Troyer.

Jesse D. Vincent, 61, Dies; Active Shriner

Jesse David Vincent, 61, of 2028 Madison avenue, an active member of local Masonic and Shrine organizations, died at 9:50 a.m. yesterday at St. Elizabeth Hospital. He had been ill two weeks and hospitalized eight days.

A native of St. Louis where he resided before moving to Granite City 18 years ago, Mr. Vincent had been employed for the past 27 years in the claims sections of the Granite City Steel Co. traffic department.

He was a member of Granite City Masonic Lodge 877, AF&AM; Scottish Rite Bodies of the Ainal Temple; Royal Arch Masons 221; East St. Louis Commandery 81 and the Tri-City Shrine Club. He also was active in the Chanters singing group of Ainal Temple. He was a member of the First United Presbyterian Church.

Survivors include his wife, Mrs. Ann Vincent; one son, David G. Vincent of Troy, Ill.; two daughters, Mrs. Edward (Lillian) Hoffman and Mrs. William (Patricia) Barton Jr., both of Granite City; one brother, Steve Vincent of St. Louis; two sisters, Mrs. Mary English and Mrs. Neesho Clark, both of St. Louis; and nine grandchildren.

Venice Man Faces 6 Charges After Bridge Accident

William L. Dozier, 22, of 128 Lee Wright, Venice, faces six charges filed by Venice police who said that Dozier gave an account of the accident on the east end of McKinley bridge about 12:30 a.m., crashed into another car in doing so, beat a toll collector severely about the face, fought police "all the way to headquarters" and broke a heavy plate glass window out of the front door of the Venice city hall.

Dozier is charged with possession of liquor in his car, disorderly conduct, assault, resisting arrest, destruction of city property and failure to pay bridge toll. Police said that when they arrived at the disturbance at the toll station they had to use force to put Dozier in his police car and had to drag him along the hall in the city building to police headquarters. He was released Sunday to Army authorities for treatment of cuts and bruises apparently received when he broke through the plate glass door window.

Venice authorities said that a car driven by Bobby G. Smith, 2114 State street, stopped at the toll station where Smith paid his bridge fare and started to pull away. Dozier, directly behind Smith's car, ran the toll gate and crashed into the rear of the Smith car.

Dozier alighted from his auto, became abusive to the toll collectors and swung on Harold Koelker, a toll collector, hitting him several times in the face, police said.

Police arrived and Dozier began fighting them, they said.

After officers booked Dozier and were leading him to the jail cells down a corridor of the city hall, he broke loose and ran toward the front of the building. As an officer attempted to intercept him, Dozier crashed through the window, police reported.

Dawes Qualifies By Paying Sewer Fees, Back Taxes

Newly-elected Eighth Ward Alderman Emerald Dawes made two payments to the city last week to qualify for taking office next Monday.

On Thursday he paid \$222 fees and penalties due the city for sewer rental since February 1962, and on Friday he paid back taxes due on personal property in the amount of \$118. Both payments were made to City Treasurer E. R. "Pat" Rich.

State statutes stipulate an alderman is not eligible "if he is in arrears in the payment of any tax or other indebtedness due to the city."

Dawes, who lives at 17 Terrace lane, said the back tax item on his personal property arose when he was in the process of selling his home, but the sale did not go through. He added that he refused to pay the sewer rental fee when he was serving on the council in the early 1960s in a dispute with other council members over a repair project for a line break.

Dawes told the Press-Record he paid the \$250 monthly fee "in escrow" in a personal savings account each month, and then made the total payment last week realizing it was necessary to qualify for office next week.

In the dispute with the city, Dawes was penalized 10% for non-payment of the sewer rental fee and also paid an added \$41 in fees in connection with nine liens filed against his property by the city.

The new alderman said he firmly believed the contractor on the sewer project should have paid the cost for repairs to a broken line along Maryville road that cut the city about \$38,000. "I don't think the city should have paid this repair cost since the break occurred within a year after the lines went into operation," Dawes said.

Brick Breaks Door Glass

\$53,844 Federal Grant For EOC Youth Center

(Special from Washington)

Approval of a \$53,844 federal grant to the Madison County Economic Opportunity Commission for operation of a "Youth Center" program was announced today in Washington by U. S. Congressman Melvin Price (D, East St. Louis). The federal share will be matched with contributions totaling \$8862 by the county anti-poverty agency.

Designed to provide services to 8314 low income residents over a six-month period, the program will furnish counseling and assistance for on-the-job training and work experiences projects. The federal grant also provides salaries for persons from impoverished areas to be hired as staff personnel.

Two Cars Damaged

Two cars were damaged at 2:45 p.m. yesterday in a collision in the 800 block of Bissell street in Madison, police reported. Officer said both cars were headed west in Bissell street when the car driven by Tulsa T. Spearman, 1118 Mark street, Madison, collided with the rear of the one driven by Alfonso Martin, East St. Louis, which had slowed for traffic.

Faces Disorderly Charge

Pleaz Hall Jr., 21, of 206 Second street, West Madison, was arrested about 1 a.m. today by Madison police on a charge of disobeying an officer. Police reported Hall was told to leave Young's Lounge where he allegedly had been causing trouble. He refused and became abusive, police said. He will be released today on a notice to appear for magistrate's hearing, officers reported.

Marriage Licenses Issued

Marriage licenses have been issued in St. Louis to Edward Roy Welborn, 2704 Dale avenue, and Barbara A. Blackburn, both of Granite City, and Stephen W. DeYoung of Madison, and Mary J. Burnham of St. Louis.

Arrested for Speeding

A charge of speeding was filed at 12:30 a.m. Sunday against Leroy Welborn, 2704 Dale avenue, at Edgewood drive and O'Hare avenue.

Job Finding, Keeping Book by SIU-SW Prof

A Southern Illinois University-Southwestern campus business professor and his wife, Dr. and Mrs. Walter L. Blackledge of Alton, are co-authors with Dr. Helen Kelly of Salem State College, Mass., of a new textbook entitled "You and Your Job: Finding It, Getting It and Keeping It."

Getting a job, the authors say, is one of the primary objectives of any graduating senior. "Thus this is the individual for whom the book was developed . . . through research and study of the needs of the typical high school graduate."

The book shows the student how to face the dilemma he encounters when he attempts to find a desirable position in today's economy. His opportunities have been lessened in some ways, the authors contend, through automation and the more technical demands of today's market.

Published by the South-Western Publishing Co., the book incorporates research obtained in previous published articles on job hunting by the Blackledges.

The Blackledges and Dr. Kelly have never met personally; their collaboration was done by telephone and letter.

Rev. Baumann Prepares For Trip to Germany

Rev. Robert J. Baumann, pastor of St. Peter United Church of Christ, 21st street and Cleveland blvd., will leave Monday, May 1, for Germany as part of an annual exchange program between American and German ministers sponsored by the denomination's Council for Church and Ministry.

Prior to their departure, the ministers will attend orientation sessions in New York conducted by the Rev. Dr. Harold H. Wilke, executive director of the Council. They will be guests in Germany of the Evangelical Church of the Union, a major Protestant church in Germany which is one of the "spiritual ancestors" of the United Church of Christ.

The United Church of Christ, a union of Congregational Christian and Evangelical and Reformed Churches, will celebrate its tenth anniversary this year. Each member of the group will spend a week with a German parish minister, accompanying him on all the activities which make up a typical day of his ministry.

During their month's visit, the ministers will study the relationship of the church to the country's growing urbanization, the place of theological education, program of continuing for ministers, and the relationship of church and state. They will also discuss the problems which arise in a church separated by east and west Berlin divisions.

Daylight Saving Time Starts Next Sunday

Daylight saving time will start next Sunday at 2 a.m. when clocks are to be advanced one hour for a six-month period.

Summer fast time starts each year on the last Sunday in April and continues until the last Sunday in October.

SIU-SW Fine Arts Festival Is Continuing this Week

Two recitals, a lecture-clinic-concert series, and a chamber dance quartet are among the attractions being offered this week in connection with Southern Illinois University-Southwestern campus Fine Arts Festival.

Today at 8:15 p.m., William Magers, concert artist and teacher of viola at SIU-SW will give a recital which will include works of Walter Piston, Brahms and Hall Overton. Magers' recital, as well as the other events, will be held in the theater of the University's new Communications Bldg.

The lecture-clinic-concert series will begin at 8:15 p.m. Wednesday with a lecture by the American composer, Daniel Pinkham, or "Practical Contemporary Choral Music." Continuing through Friday, the series will include eight-reading sessions and a program of choral music from 1887 to 1967 by the SIU-SW Concert Chorus. Under the direction of Leonard Van Camp, the concert will begin at 8:15 p.m.

On Saturday at 8:15 p.m. the internationally-known pianist, Ruth Slenczynska, a member of

the campus music faculty, will give a recital. Miss Slenczynska will include on her program compositions by Liszt, Georg Philipp Telemann, Debussy, Halsey Stevens, Louise Talma, Chopin, Haydn and Alberto Ginastera.

The First Chamber Dance Quartet, currently making its second trans-continental tour under the auspices of Columbia Management, will give a performance on Monday, May 1, at 8:15 p.m. The troupe has been called "the most exciting new dance ensemble to emerge on the American scene of late."

Program items include dances to the works of Beethoven, de Falla, Shostakovich, Varese, and Telemann.

All of the events scheduled during the Fine Arts Festival, which includes SIU-SW year-long dedication of the new campus, are open to the public without charge. Reservations are required for the program by the Concert Chorus, Miss Slenczynska's recital, and the First Chamber Dance Quartet.

Should be made by calling 692-2775.

Man Held for Knife Assault

Joe Rice, 38, who said he lives in West Madison, was held by Venice police on three charges today after disturbances Friday night and early Saturday morning at the home of Clementine Parker, 143 Viola Jones Homes, Venice.

Police said they first were called to the Parker residence about 8 p.m. Friday when it was reported a man had been stabbed. They found Rice cut about the face and right hand. The Parker woman told them he had become abusive and had stabbed her in the upper left arm. She then stabbed him in the mouth and hand, she related.

Rice was taken to St. Elizabeth Hospital for emergency treatment. Police said Miss Parker did not want to file charges and Rice was released from the hospital for treatment.

At 1 a.m. Saturday, police reported, they were called again to the Parker residence, where they were told that Rice had reappeared and had broken windows out of the apartment in an attempt to get in. Miss Parker said he threatened to kill her but that he fled when she threw a knife at him.

Police later found Rice in West Madison and charged him with aggravated battery, aggravated assault and criminal damage to property.

In booking him at police headquarters, officers said, they found in his possession a wallet containing \$5 and the identification of Alan G. Getteman, 4032 Garden Lane.

Police called the Getteman residence, where they were told that Getteman had been an emergency patient at the hospital, as the result of a traffic accident, at the same time Rice was being treated for his wounds Friday night.

Getteman assumed he had lost his wallet during the accident, police were told. Officers said they did not know how Rice came into possession of the wallet.

Rice is to be arraigned in magistrate's court later today, police said.

Education Assembly For Area at Highland

Highland community schools have been selected by the National Commission on Teacher Education and Professional Standards (NCTEPS) as a site for one of its 100-Cities Assemblies Saturday, April 29.

In each assembly city, innovations and new ideas in education will be discussed and demonstrated by school officials from those schools selected by NCTEPS as demonstration centers.

At this meeting, Decatur Lakeview high school, Centralia and Highland will present demonstrations of effective and imaginative programs in education. Programs to be demonstrated are: independent study, large and small group instruction, flexible scheduling, National Teacher Corps, accelerated mathematics, mobile instructional materials, primary reading and elementary library.

In Illinois, both Barrington and Highland will host 100-Cities Assemblies April 29. The program at Highland will begin at 9:30 a.m. in the high school auditorium, with registration at 8:45 a.m. The meeting is intended for educators and others interested in education. There is no charge except for lunch.

Dr. Donald L. Glines, Director of Innovations, University City, Mo., will be the featured speaker.

Motorist Arrested
Stephen Kimball, Collinsville, was charged with careless driving at 11:25 p.m. Saturday at East 23rd and Monroe streets.

Kimball was being treated for his wounds Friday night. Getteman assumed he had lost his wallet during the accident, police were told. Officers said they did not know how Rice came into possession of the wallet.

Rice is to be arraigned in magistrate's court later today, police said.

LAUNCHING 1967 CANCER CRUSADE
Mayor Donald Partney presents the first contribution to Mrs. Harriet Horn, center, chairman of the house-to-house drive, and Mrs. Hazel Lambert, co-chairman. More than 300 volunteers are participating in the annual fund-raising drive, which will continue through Saturday. Mayor Partney is honorary chairman of the Granite City crusade.

Volunteer Cancer Crusade Workers to Call This Week

The "Tell Your Neighbor" Yet only one in three is actually phase of the American Cancer Society's 1967 Crusade, launched yesterday in Granite City, will continue through Saturday. It was announced by Mayor Donald Partney, honorary chairman for this year's fund drive.

Speechmaking the house-to-house aspect of the annual crusade are Mrs. Harriet Horn, chairman, and Mrs. Hazel Lambert, co-chairman, who said to-day that 300 workers under the supervision of 40 area captains have volunteered their services for the week-long campaign.

Volunteers began yesterday to distribute printed material containing lifesaving facts about cancer and talking to their neighbors. Mrs. Horn explained.

"Tell Your Neighbor" will emphasize the aspect of personal responsibility in the prevention and control of cancer," the chairman said. She added, "Half of all those who develop cancer could be saved through earlier detection and prompt treatment."

The society seeks to meet the challenge of too little knowledge through a new "action" leaflet entitled "Know Cancer's Warning Signals." Mrs. Horn said, "getting people to keep a leaflet in difficult, even though it contains valuable lifesaving facts," she observed.

"Now we have included in our leaflet detachable stickers—with the warning signals—which can be pasted on the medicine cabinet in full view of every member of the family. There they can serve as constant reminders," the chairman said.

Mrs. Horn commented it is hoped that when a "Tell Your Neighbor" volunteer calls, the warning signal stickers will promptly take their place as an essential addition to the household's medicine cabinet.

Nationally, it is expected, 40 million copies of the warning signals will be distributed during the April control crusade.

Military Services Held For Former Resident
Military funeral services were held Tuesday in Denver, Colo., for Hiram C. Calvin, 47, a former local resident who died April 15 of a respiratory ailment in Parkside Nursing Home, Denver. He had been ill ten years. He leaves a sister and two brothers here.

A world war II veteran of the U. S. Army Signal Corps, Mr. Calvin was awarded three Bronze Stars while serving in the south Pacific theatre. He was born in Parma, Mo. He resided here in the mid-1930s and attended local schools prior to enlisting in the service in 1941. Since 1946, he had lived in Denver and Idaho.

Services were conducted at Fort Logan National Cemetery, Denver. Attending from Granite City were two brothers, Wilmer and Ivan Calvin, and a sister Mrs. Bertha Macios.

Also surviving are three children, Catherine Mae, 16, Nancy Lou, 14, and William Clay Calvin, 10, all of Idaho Falls, Idaho; and two other sisters, Mrs. Nina Russell of Owensboro, Ky., and Mrs. Bernice Caldwell of Thebes, Ill., who also attended the funeral.

Downey VA Hospital

Needs an Engineer

An \$11,000-a-year job is going begging at Downey Veterans Administration Hospital. It's been vacant since August of last year and every effort by the hospital's personnel service to fill it has been futile.

Needed is a general engineer with a BS degree. However, VA does feel that for that GS-11 starting salary of \$10,481 which can go as high as \$12,056, the applicant should be able to do some original thinking on engineering and maintenance projects at the hospital.

Downey's personnel officer at 689-1900, area code 312, will be happy to talk to anyone meeting the requirements.

NAVAL RESERVE CENTER VACANCIES FOR SENIORS

To the Editor:

This may be a strange method of reaching the parents or guardians of our young high school seniors reaching age 18, but I sincerely hope this message in your paper will serve as some guidance in the forthcoming months. All of us acknowledge and appreciate the blessings we enjoy through citizenship in the United States of America. We know that these advantages were won through the dreams, devotion and selflessness of those who went before us.

Individually most of us did little to earn these blessings; we inherited them, but we inherited as well the responsibility to pass them on to our sons and daughters. We must protect our country from those who would destroy it and freedom's way of life.

Many forces combine to protect us from the greed and hate of those who seek to destroy the known of these are probably the U. S. Fleets operating in the Far East and Mediterranean.

Strategic Air Command, and the Polaris-equipped submarines that patrol the oceans of the world.

It has been said that there is a deterrent equal to any of these is a reserve force of citizen soldiers, sailors, airmen and marines who have been trained and can be called immediately to aid the active armed forces if the country should ever be threatened.

To achieve the trained reserve forces and maintain it, elected officials of our government have ordered that every able-bodied young man shall over a six-year

moral obligation to our country.

Three are several ways in which that obligation can be met, but I believe the U. S. Naval Reserve is the one with the most advantages.

Due to commitments of our armed forces around the world, many men are enlisting in all branches of services in order to satisfy their military obligation. The young man who presently is 17 years of age going on his 18th birthday, and a high school senior, maintains a wonderful advantage to select his branch of service.

The U. S. Naval Reserve Training Center, Lisle, Ill., St. Louis, holds interviews and conducts examinations every Saturday at 9 a.m. to fill vacancies in the fleet. The U. S. Naval Reserve is an organization that was designed for the young men of our country. Please consider this an invitation to all to visit the Naval Reserve Training Center in St. Louis, Mo., give me a call at 441-51 for further information.

We train young men to serve on the ships of the U. S. Navy, a job that requires the talents and qualifications of the veterans who have served.

Openings also exist for veterans of all branches of the armed forces, dedicated men who will give one night a week to the service of their country.

Monthly pay and guaranteed retirement benefits are but a few of the advantages of being a Naval Reserve.

Method Voters Use to Make Up Their Minds About the Sewer Program Will Be Important

A short time ago we urged Granite City to keep an open mind on the special sewer election May 6. We asked them to learn as much as possible about it before deciding how to vote. This is probably still good advice, but the election is drawing near.

We have given some study and thought to the stormwater and sanitary sewer program, and the answer is becoming increasingly clear to us. All residents also are getting an opportunity to look into the proposal, through talks to organizations and various articles and pamphlets.

The major point that has impressed us is that not only the decision but the way Granite City makes up their minds will be important. How local residents vote, and why, will serve as a rating or commentary on our community for many years to come.

There has never been a project designed by man that could not be done better in some way. Those who merely want to rationalize a negative reaction—to find an excuse to be opposed—can find such excuses, whether in the May 6 sewer plan or anything else submitted to them.

This process undoubtedly has started in a few Granite City minds. Interestingly, we haven't yet run across any objection that is valid; each was merely a misunderstanding of some aspect of the proposal.

Detailed scrutiny certainly is justified and needed. However, because answers sometimes are not available, or answers are doubtful, voters don't travel as fast as questions. It will go a long way toward determining the outcome.

One thing of which we are convinced is that the May 6 voting will be the most important ever conducted in Granite City.

More so than ever before in history, the sewer vote seems sure to be a "thumbs up" or "thumbs down" verdict for Granite City. Perhaps never again will the future will local voters have a chance to do themselves and their city so much good or so much harm with a single penny.

Because the sewer election will either provide Granite City with a future or blot out that future, every Granite City mind will be "on trial" along with his community. Citizens can vote the proposal up or down, but they cannot prevent the success or failure from rubbing off on themselves.

The question boils down to whether badly needed and mandatory sewer improvements are to be carried out inexpensively, with the voters' money, or by paying only 18 cents for each dollar's worth of

sewer work, or whether Granite Cityans want to commit a kind of financial suicide and wind up shouldering the full burden themselves.

The result will tell a lot about each of us living here.

State Budget a Relief Or Disappointment Depending On How Each One Is Affected

"A policeman's lot is not a happy one," Gilbert Sullivan said musically, and the same refrain could be applied to a governor trying to match budget income and outgo at a time of expanding requests.

Even while proposing an overall biennial spending increase of \$700 million to \$1 billion, Gov. Kerner in his \$5.6 billion budget message last week found it necessary to trim many of the departmental requests.

Among the cutbacks drawing most attention is a \$125 million allocation for junior college construction, compared to a \$200 million figure (later reduced to \$180 million) sought by the State Junior College Board and a \$150 million recommendation by the Board of Higher Education. The impact on the junior college district is substantial and immediate.

The proposed broadening of the sales tax to include construction work, recreation, transportation, professional services and other fields will be unpopular with those directly affected but will be welcomed by those who have feared a raise in the basic state sales tax rate of three and a half cents per dollar.

However, Chicago Democratic officials are unhappy because Republican legislative leaders say the plan for a broader base "torpedoed" the request for doubling of the half-cent-a-dollar municipal-county sales tax.

The likelihood of bigger state spending and taxation in the next two years comes as no surprise, but the specific recommendations inevitably affect too many people and programs not to cause displeasure as well as pleasure. An Illinois governor's lot, at this point in odd-numbered years, is not a happy one.

More Summer Jobs for Students

Announcement that the Granite City Army Depot will hire 110 youths under an expanded Youth Opportunity Campaign gives hope that this and other programs will enable most local 16- to 21-year-olds to find summer jobs.

The Press-Record again this year will offer free ads to Quad-City students seeking vacation employment. Details will be announced soon.

Full Participation By All Key To Reaching Hospital Campaign Goal

Pledges exceeding half of the \$1,500,000 challenge goal in the Elwood Hospital campaign are encouraging. But the need remains for each individual, organization and business to make sure that as much as possible of the overall campaign target be reached.

With the advance gifts phase well underway and general solicitation scheduled to start May 2, the total has been rising steadily, passing \$750,000 last week. There should be no false optimism, however, because this figure was reached only just modestly after getting a good start.

If those not yet contacted this year will offer their aid to the campaign, the goal should be reached by the time the year has been reached, further progress would be impaired.

Only if everyone participates, and participates wholeheartedly, can the drive continue to its goal toward the minimum and challenge goals.

Much has been accomplished in recent weeks. Much more remains to be accomplished.

Favors Limit on University Size

By SEN. PAUL SIMON

Not too many years ago, fighting between a few of the state's universities was a common thing—always publicly denied but privately regretted by those of us on the legislative scene.

The creation of the Board for Higher Education virtually ended this cut-and-dry fighting. Now a different type of struggle is going on, part of it behind the scenes and part of it in the open.

The Board for Higher Education developed a "master plan" for higher education in the state, and among its recommendations for the current session of the Illinois legislature were an increase of scholarships for needy youth wanting to attend college, and the creation of four more "comuter universities" in the state, three in the Greater Chicago area and one in the Springfield area.

Behind-Scenes Opposition This met the public opposition of the organization which speaks for the private colleges and universities in the state, and it met with behind-the-scenes opposition of at least two of the existing state universities.

The private colleges requested more scholarship funds. The Board for Higher Education recommended an increase from \$10 million to \$20 million for scholarships. The private colleges suggested the figure should be \$35 million.

A compromise has been reached at approximately \$29 million, which is all the Scholarship Commission says it can use. This is acceptable to all sides.

Chicago, Springfield Needs The Board for Higher Education also requested \$5 million for development and land acquisition for the additional four universities. The private colleges opposed this, and a compromise of one in the Chicago area and one in the Springfield area was proposed.

The only limit to the expansion of the organization for the private schools, but has been recommended to the legislature by Gov. Otto Kerner.

Law on Injury From Auto Defect

(By City and Illinois Bar Associations)

There is a remedy in law for the person injured in an accident caused by a defect in the manufacture of his automobile.

Any person riding in the automobile may sue the manufacturer of the auto and may collect damages to the full limit of any personal injury or property loss.

However, the injured person must show that (1) the defect caused or contributed to the cause of the accident and (2) the defect existed at the time the auto left the factory.

Recent Court Ruling At one time, it also was necessary to prove that the defect was due to negligence on the part of the manufacturer, but this requirement was eliminated by a

He has suggested acceptance of the two new schools and a \$3 million appropriation.

If his suggestion is not accepted by the legislature, in my opinion the entire state will be the loser. And I regret the public squabble which has arisen between the state's private colleges and public universities.

Recommendations Four Goals

Four general propositions seem to me to be desirable for Illinois:

1. Encouragement of private colleges and universities through constitutional means. All of us are indebted to the private schools for the contribution they have made and will make to our state.

2. A limitation on the size of existing universities. (Part of the problem at Berkeley and other schools is that they have been permitted to grow too large and as a result become too impersonal.)

3. Make university facilities available to as many commuters as possible. There is no question but that the nearness of a college or university makes education easier and more enjoyable, otherwise not attend. It is also cheaper for the state.

4. Development of a senior college and a graduate school of government in Springfield. This would be sound educationally and would give a healthy stimulus to the state government.

All of this is at stake in the decision now pending in the legislature.

Backs \$3 Million Request If the compromise request for \$29 million is accepted, it means that the state is promising students in Illinois will be denied a chance to go to college beginning around 1973. This means wasting some of our greatest resources.

In addition, the pressure will mount for existing state universities to expand their facilities beyond a desirable student load. This will increase per capita costs and reduce the quality of the education offered.

The educational decision to be made by this session of the legislature is an extremely important one.

Thus, it is no longer necessary to compile scientific evidence to show negligence, a fact that has made it easier to press claims against manufacturers.

The only limit to the damages which may be awarded is the "rule of reason" which says that damages shall not exceed the actual loss.

In the case of a fatality, the next-of-kin may file suit, and may collect up to \$200,000 in Illinois law for damages in case of death.

At one time, it was necessary to bring suit in the manufacturer's home state but this is no longer true.

Now, Illinois law allows such suits to be initiated in Illinois courts if the defendant is doing business in Illinois.

Generally Agreed That Illinois Revenue Article Needs to Be Modernized

By JANE THOMAS and L. D. GRAHAM

University of Illinois Studies

"The Illinois Revenue Article should be changed or amended," the presenters of a resolution at a time, Reuben G. Armstrong, president of the Illinois State Federation of Labor, believes.

This is one of many ideas proposed following the defeat of a proposed revenue amendment by Illinois voters in 1966.

Nearly everyone agrees the present Revenue Article of the Illinois Constitution—and the way it is being interpreted—is unfair, discriminatory and outdated.

The present system for collecting money to operate the state was adopted in 1870 and is therefore, based on an era almost 100 years ago, when ownership of property was the main form of wealth and the basis of ability to pay taxes.

Further, many years of court decisions have solidified the restrictive nature of the present article.

The problem with a new Revenue Article is, says, "The lack of agreement among the groups and individuals concerned. Of the four groups representing the state, two adhere to one basic premise and two to another.

Labor and education in general adhere to the premise that a Revenue Article must allow the legislature freedom to tax the needs of the times and the state.

Agriculture and business, on the other hand, generally believe that any tax article must limit the power of the legislature—that the basic reason for any constitution is to restrict the power of the government.

The opinion of the executive board of the State Federation of Labor on the present Revenue Article is that there are many possibilities to raise revenue.

Income Tax Called Fair Labor also believes that a new Revenue Article should be less limiting. It favors a state income tax, which it says, "is the most fair tax. The State Federation of Labor says:

"The best source of state money is income, both corporate and private. This is truly based on the ability to pay. No income, more able we are to pay a tax."

Labor tries to protect the wage-earner from undue tax burden. It feels that business and corporate enterprises should carry a bigger tax load than the individual.

The Illinois State Chamber of Commerce believes that the present article contains many inequities. Further, it says, "The present Revenue Article is being amended by the legislature in order to protect groups and individuals. Businessmen and farmers are the only kind of revenue source that is being protected."

Protection Against Government An ideal Revenue Article for business is viewed as one that restricts the power of the legislature in order to protect groups and individuals. Businessmen and farmers are the only kind of revenue source that is being protected.

At a fair method of raising more revenue must be found, but easily to the needs of the times.

feels it should be clear-cut and should well define the taxation powers of the legislature in order to prevent unbridled action of one or more groups.

Business favored the 1966 revenue proposal. The position of the state with its flat rate and non-graduated, appealed to some of all businessmen.

Agricultural interests would be served by a shift in emphasis away from property tax as a means of financing the state government, according to a leading agricultural spokesman.

Hardship on Farmers A report published by the Illinois Agricultural Association showed that in 1960 farmers accounted for 5.6% of the state's income, but only 2.4% of the net income of the state, and yet paid 13.3% of the property taxes.

Heavy dependence on property taxes for the support of local governments works a hardship on farmers because they must have a sizable amount invested in real estate and personal property in order to operate.

Therefore, any tax which would spread the tax base on a larger basis would probably be favored by Illinois farmers. A state income tax would, no doubt, get a strong backing from the rural vote.

The education section of the recently defeated Revenue Article was generally agreed to most educators in Illinois, according to Verne Cracker, assistant state superintendent of public instruction.

"We were in favor of the amendment because it would have allowed increased bonding power at the local level," Cracker said.

Personal Property Tax Although many educators in the state were against the proposed article, it is generally agreed their objections were not directed at the school tax part of the article. The objections were directed toward the termination of the personal property tax.

With the state now burdened with a \$600 million debt, what can be done about the revenue situation? Many ideas are being proposed around the state.

J. Nelson Young, noted tax authority, sees positive potential in the present Revenue Article. He believes that the untapped resources in the article have not been utilized to their full potential.

Most authorities agree that the present article is antiquated. Further, were the legislature to pass such a tax, there would be no limitations as to what it could do.

Therefore, while the state is working on a more fruitful and equitable tax system, it can prevent a financial crisis by utilizing the possibilities of the present tax system.

Young's No Limitations The ideal Revenue Article, in Young's opinion, would be one completely without restrictions. "It is the only kind of article," says Young, that would adjust easily to the needs of the times.

Bills Introduced at Springfield on Water Resource Development, Firearms

Pending state legislation of interest:

H. 1197-1199—Provide that a person classified by the draft board as a conscientious objector shall not be appointed to a police department.

H. 1202—Extends probationary period for certain teachers from two to three years.

H. 1203—Provides that assistance to teachers wishing to undertake studies beyond bachelor's degree; appropriates a sum equal to 19% of amount appropriated to State Scholarship Commission.

H. 1204—Merit awards for teachers; competitive exams administered by superintendent of Public Instruction. Appropriates \$100,000 for administration and \$2 million for payment of awards.

H. 1205—Alternative standards for teacher certification.

H. 1207—County Zoning Commission. Appropriates \$100,000 per annum compensated on per diem basis with mileage allowance for travel.

What, then, would restrain the legislature from overreaching or exceeding its powers?

Young believes two things would check the legislature: the needs of the times would dictate what revenue is needed. Secondly, fairness would prevail because each representative would be keenly aware of the political implications of each tax measure, he feels.

According to Scott, a ballot measure concerning the state income tax, and whether the voters want a graduated income tax.

Another ballot should concern the classification of real estate in downstate Illinois, Scott said.

A third ballot should concern the classification of real estate in downstate Illinois, Scott said.

At this point there is state agreement on only one thing: revenue reform must be accomplished if Illinois is to be progressive and financially sound.

H. 1208—Provides that any established political party may make nominations in those cases in which it is authorized to do so.

H. 1209—Cost of any junior college election conducted by county superintendent to be paid by the county.

H. 1210—Provides that formal irregularities which do not affect the number or validity of signatures shall not be grounds for invalidating a petition.

H. 1211—Provides that after Aug. 31, 1968, not more than two plumbers or apprentices shall be employed by any one registered plumber.

Could Save Half of Cancer Victims

(American Cancer Society)

April is Cancer Control Month by presidential proclamation. During the month the American Cancer Society is asking the public to take three important actions:

1. If you do not know cancer's warning signs, learn them.

2. If you have not already had an annual health checkup, have one.

3. Support the Society's programs of research, education and service.

The first two are for your protection now. The third is for possible protection in the future.

Only 60% of the public can name even a few warning signs and skills.

Much of what happens depends on your personal responsibility and your financial investment in programs of research, education and service.

Only ten years ago one-fourth of cancer cases were cured. Now it is one-third. It could be one-half, without more research and education.

HAROLD G. BAUMAN
New official of bank
Harold G. Bauman
Is New Officer at
1st National Bank

The board of directors of the First Granite City National Bank has appointed Harold G. Bauman as vice-president and trust officer, effective immediately.

It was announced today by Harold R. Fischer, president of the bank.

Bauman was vice-president and trust officer of the Tootle-Enright National Bank of St. Joseph, Mo., from 1962 until its recent merger with the American National Bank of St. Joseph and was for a period vice-president and trust officer of the combined bank.

The First Granite City National Bank has total resources of more than \$41,000,000 and has served the Quad-City area since 1902.

Bauman was graduated from the College of Commerce of the University of Illinois with a major in banking and finance in 1936. He has served as assistant to the auditor for the Milklin National Bank of Decatur, Ill., in the trust administration and investment department of the Milklin Trust Co. of Decatur, and in the banking division of Peat Marwick Mitchell & Co., public accounting firm, in Chicago.

Bauman was vice-president and trust officer of the Campaign National Bank of Champaign, Ill., from 1958 until 1962 when he assumed the same position at the Tootle-Enright National Bank in St. Joseph. He was graduated from the Illinois Bankers' Association Trust Development School at Northwestern University in 1953 and from the Kennedy-Sinclair Trust Sales Training School in New York in 1959.

Bauman assumes his duties at the First Granite City National Bank today. Mrs. Bauman will

MORE ABOUT No Doubt

solving all its sewer needs—will enable the city to win further grants. Granite Cityans For Better Sewers are convinced.

U. S. Likes Total Program
"What some people may not realize is that in authorizing this large grant, the Housing and Urban Development took a thorough look at our complete program and gave it a full stamp of approval," the Better Sewers group asserts.

"To explain our needs, we submitted the full \$14 million program, \$5,000,000 bonds and \$9,000,000 grants. All the necessary preliminary applications by Granite City already are in the hands of the federal government."

"They liked what they saw, and have given us the maximum amount authorized for any one phase of a sewer program. No other community received as much. No other city impressed them as much."

"It was not just that we were well prepared and that we sub-

mitted our program at an ideal time as they were developing procedures to distribute the Congressional appropriation.

Need Here Genuine
"What helped us so much was that our need is genuine, and long overdue to be met. Granite City must remedy its sewer deficiencies, and Uncle Sam is 100% behind our effort to do just that."

Not only is there reason for confidence on the basis of existing federal laws, but there is increasing recognition of urban needs; the trend will be toward even greater aid in the future; the Better Sewers group emphasizes.

By pledging \$8 million, Granite Cityans also will become eligible for up to \$16 million non-sewer federal aid for a variety of local municipal improvements. This 100% aid would not require matching funds.

"In contrast, failure to proceed now could not only lose the \$1,500,000 grant and hurt our chances for similar sewer funds in later years, but also could jeopardize our eligibility for aid currently being received," Granite Cityans For Better Sewers say.

"Granite City has been warned repeatedly that unless it separates its stormwater and sanitary sewage, it may find itself being rejected for federal and state funds of all kinds."

"We must act now."

"Fortunately, there are many

advantages of acting now. "Even though our ballot will authorize \$8 million in bonds, \$6,100,000 of this amount will be held in reserve at no cost to taxpayers."

"We will find it cheaper to treat sewage before it is discharged into the Mississippi River, because we will immediately be able to end the costly and unnecessary treating of stormwater."

"This also will minimize or avoid a later increase in our sewage treatment charge when we're required as a city to step up from primary sewage treatment to secondary treatment for even purer river water."

Health, Economy, Prosperity
"We will also gain a healthier community, lower street maintenance costs, boosts for local construction payrolls and greater attraction for residential-commercial growth—bringing with it greater prosperity and more job opportunities for our fast-growing population."

"Any way that Granite Cityans look at their May 6 opportunity, it is a real bargain day."

"Home owners will pay only 18 cents for each dollar of vital sewer improvements, with Uncle Sam paying 50 cents and business and industry paying 32 cents."

"It is a great bargain, but we must vote 'Yes' for better sewers May 6 to assure that we get the bargain. The 'sale price' will end that right."

Hurt in Traffic Mishap

Lydia Horton, 44, of Edwardsville, was treated at St. Elizabeth Hospital at 3:10 p.m. yesterday for a cut to her right hip and multiple abrasions; to her right hand and arm, and right foot, received in an accident in Collinsville. A car driven by Mrs. Horton collided with another on Route 159 at the Orchard Shopping Center in Collinsville. Mrs. Horton was thrown out of the car by the impact. She was released after treatment.

environmental hazards has become so broad and complex as to make it necessary for the Public Health Service to try to find out how best to demolish old railroad cars.

"Apart from our direct interest in seeking a solution to a significant solid waste disposal and community air pollution problem, the knowledge gained from the study could have application in the disposal of junk automobiles and other types of bulky wastes. Second, this project represents the kind of joint government-industry cooperation that I feel is essential if we are going to put an end to the environmental pollution, health hazards and blight that result from prevailing waste disposal practices."

BETTER SEWERS BARGAIN DAY SATURDAY MAY 6TH

**BUT OUR OPPORTUNITY FOR A
BARGAIN PRICE ENDS THAT NIGHT!
IT IS AN OPPORTUNITY WE MUST NOT LOSE!**

IF WE VOTE "YES" NOW:

1. Bargain Price — In many cases only 1/12 the cost of previous proposals.
2. No More Flooded Streets.
3. No More disease-bearing Raw Sewage backing up into basements or overflowing onto yards and streets when it rains.
4. \$1,500,000 Federal Sewer Grant GUARANTEED.
5. Opportunity for More Federal Grants (because our 'Yes' vote May 6 will assure Uncle Sam we are willing to proceed not only with this year's projects but also with later sewer installation work).
6. Re-sale Value of Our Homes Protected and Enhanced.

IF WE VOTE "NO":

1. Full Tax Burden on Granite Cityans' Shoulders.
2. Steadily worse Flooding and Inconvenience.
3. Serious health hazards for children and adults.
4. Federal grant lost by Granite City and spent instead in other cities.
5. Much dimmer prospects for future grants of any kind.
6. Deterioration of home owners' property investments.

Bargain Day for Each of Us

Dollar's worth of vital sewer improvements for each 18 cents paid by home owners

Our share of the cost not affected by the amount of water we use

Underground pipes — No new open ditches in residential areas

Real economy — Competitive bidding on bond sales and all construction contracts

Better Streets — and lower street maintenance costs

Cheaper operation of our Sewage Treatment Plant immediately

A Big Saving when we are required to step up to Secondary Sewage Treatment

Bargain Day for Granite City

A Healthier Community

Boost for local construction payrolls

Economic growth — Greater prosperity for all

Brighter attraction for new plants—More Job Opportunities for our large "younger generation"

Greater eligibility for federal and state grants of up to \$22 million to carry out a variety of badly-needed improvements

Postal Savings Certificate Interest to Stop April 27

United States Postal Savings certificates totaling \$68,810, which are on deposit at the Granite City post office, will cease earning interest for all local depositors on April 27, Postmaster Theodore Overbeck said today. Nationwide, the Post Office Department is holding more than \$90 million in the now obsolete program which was discontinued by the Congress on March 28, 1966.

As of April 27, a year ago, Postal Savings were discontinued and no deposits were accepted by the Post Office Department. Certificates whose anniversary date have been reached since last April 26 have earned their final interest payment, Overbeck said.

"On June the June 30," he added, "all remaining funds in the program will be turned over to the Treasury Department to be held in a trust fund until liquidated. There they will remain available for payment without time limitation whenever prior claims are received."

Postmaster Overbeck urged that all Postal Savings depositors close out their accounts and invest the funds into U.S. Savings Bonds or the new Freedom Shares, which on May 1 will pay 4 1/4% interest.

Holders of Postal Certificates can arrange to redeem them simply by applying at the post office where the certificates were issued. The postmaster will provide guidance and necessary forms to assist in cashing certificates. All transactions can be handled by mail and certificates issued to persons now deceased can be cashed by legal heirs in accordance with state laws governing such distributions.

Bartylak Held in Contempt of Court Over Estate Cases

Former State's Atty. Joseph R. Bartylak was held in contempt of court Thursday by Associate Judge I. H. Streeter for failing to comply with a court order of last November in an estate case.

Judge Streeter reserved punishment until later because of criminal proceedings pending against Bartylak. He is under indictment on 17 counts of theft and official misconduct.

Bartylak had been ordered by the court to turn over \$5000 to the estate of the late William H. Baker of Collinsville by last Nov. 25. Three checks for the amount were mailed to the administrator of the estate on Dec. 7.

St. Louis hospital at the time, and when he was able to appear in court following his discharge on Dec. 20, he said Judge Streeter was not there and had gone for the day.

Judge Streeter's action came as Bartylak was in his court under a citation to account for funds in another estate case, that of a dead Tucson, Ariz., man.

The judge claimed that Bartylak's action "reflects disrespect on the bar, the legal profession and the courts. It would be amazing to know the number of letters this court has received from (Bartylak's) former clients. All I can do is tell them to get an attorney."

Plans to Ease Venice Youth Problems Told

Strict enforcement of the curfew law in the city of Venice, assignment of a "beat" patrolman in foremost trouble areas and plans for a playground area were advanced by Venice city officials Friday night as the first steps in solving a problem of gang gatherings and juvenile fights in the city's North End.

The program was announced by Mayor John E. Lee as the result of a meeting between the mayor, the council's police committee and police officials. That meeting was called after a gang fight several weeks ago at which an estimated 200 youths assembled near Calhoun and Weaver streets.

As a result of the meeting, the mayor said, it was decided to enforce the curfew in all parts of the city. He presented a schedule which will place a patrolman walking a beat in the trouble areas, particularly at night and on weekends, and said arrangements have been made to grade a lot in the Calhoun area for installation of a basketball court and other play equipment.

"This is just a first step in solving the problem," the mayor said. "This problem will have to work itself out as we go along."

Boy Hurt on Train, Mother Seeks \$75,000

Mrs. Catherine Johnson Stain, mother of Andre Johnson, a minor, has filed a \$75,000 damage suit against the Illinois Central Railroad as a result of injuries suffered by her son Jan. 21 at the Race street crossing near Madison.

The complaint alleges that her son, then 14, was injured after climbing onto a railroad train which had blocked the crossing for more than 10 minutes. It also alleges that the train became an "attractive nuisance" for the boy.

Last Full Session for Sternberg, Thompson

Granite City council members will meet this evening at 8 o'clock and it will be the last full scale session for Seventh Ward Alderman Sternberg and Eighth Ward Alderman Thompson. They did not seek re-election April 4.

Both aldermen hold key committee chairmanships, and new committee lineups are expected to be announced at the May 1 reorganization meeting when Earl Jarrett and Emerald Dawes are to be seated as new aldermen.

Sternberg is chairman of the Street and Special Sewer committees, and Thompson is chairman of the Personnel committee.

Charged with Speeding

Leo Kamadulski, 2701 Swan drive, was arrested by police Thursday at Ponton road and Stearns avenue on a charge of speeding, and Henry Wiles, 1329 Madison avenue, was arrested on a speeding charge in the 2800 block of Madison avenue. Hearing is set for May 5.

\$100,000 Damage Suit Filed in Bus Mishap

A \$100,000 damage suit has been filed for Yung Sook Brooks against the Bi-State Transit System as the result of a mishap last Dec. 27.

The complaint alleges that the woman fell while alighting from a bus at St. Louis avenue and Maple street, suffering severe and permanent injuries. The suit charges negligence on the part of the bus driver and the company.

Vandals Damage Window

Leroy Lowell, 2100 East 20th street, reported to police Thursday that vandals broke a hole in a front window of his home.

man fell through a door and called out to the officers not to shoot again.
Bloods Profusely
They ordered him to come out with his hands raised and he complied and was placed under arrest.

He bled profusely in the building and in an ambulance he was taken to the hospital.
Blood was found in a bedroom and kitchen, and cartridges indicated he fired twice through a kitchen window at officers at the rear of the store. The pistol was located in a bedroom. The window is believed to have been broken in an escape attempt.
Money in sacks found on the floor was estimated at \$50 to \$100. Pasko's wallet and the whisky bottle also were located.
Police said they fired a total of four shots at Cole, two hitting him.
An armed robber who waited at the back door of Burr's tavern, 1226 Madison avenue, until closing time took a large amount of cash early Saturday morning from Mrs. Connie York, who operates the tavern with her husband, Thomas York.
The bandit forced Mrs. York to give him the money from her dress pocket and her purse, and then forced her at gunpoint to open the safe, which he looted.
Police declined to reveal the amount of money taken in the holdup, but it was learned the amount was about \$200.
The robber was described as 40 to 46 years of age, about six feet dark jacket and "dirty looking".
Police learned Mrs. York had closed the tavern and had left by the rear door about 4:15 a.m. As she was locking the door, she said, she saw a man standing nearby, pointing a gun at her.
He instructed her to unlock the door and return inside the tavern, where he took the money from her pocket and purse.

She then opened the safe from which she scooped the money and fled by the rear door. Mr. and Mrs. York live upstairs over the tavern, police said.
Two Men Charged
Franklin Hays, 28, of 2045 Quincy street, and Jimmy Creek, 2009 Fifth street, Madison, were charged with disorderly conduct by Madison police following their arrest at 3:45 a.m. yesterday at Johnny Lewis' tavern. Police said Lewis summoned them when the two men caused a disturbance over a bottle of beer. Both posted bond for a May 10 hearing in magistrate court.

GC Special Education Dept. To Present Program for PTA

The Granite City school district's special education department will present a program for PTA members and other interested parents at 7:30 p.m. Thursday in Webster school. The presentation will be given in connection with a bi-monthly meeting of the Granite City Area PTA Council.

Arrangements for the meeting were completed at the council's executive board session Thursday evening in the Coolidge junior high school library.

Plans also were finalized for the fifth annual "Acres of Art" exhibition to be held Monday, May 15, in Memorial Gymnasium at the high school. The art show, which includes exhibits by students from each local school, again will be supervised and coordinated by Eugene Alassi, art director.

Admission to the public is free. However, donations will be accepted at the door and presented as a scholarship to a deserving local art student to further his or her art education, Mrs. Kathleen Tadlock announced.

It was reported that payment of council dues is sought from five local PTA units. Unit presidents were reminded that dues collected from member schools are used to send a council delegate to the annual state PTA convention in May.

Some time was spent discussing the proposed "Block Protection Plan." Council officials agreed that each PTA unit should further investigate the protection proposal and determine what benefits can be derived through participation on an individual basis.

Driving Revocation, 2 Local Suspensions

Secretary of State Paul Powell has announced the following actions by the Drivers License Division of his office affecting residents of the Quad-Cities:

Crashes Into Fence

A car driven by Eugene Mullis, 2614 Jerden avenue, was damaged in the front and left side at 3:45 a.m. Saturday when it skidded on wet pavement and crashed into a fence on Fourth street, Venice, just north of the Higgins highline. Mullis told police he was headed north on Fourth street when his auto skidded and ran off the west side of the road. The car had to be towed away.

19th Street Accident

The auto of Lloyd Farley, 2429 Bryan avenue, westbound on 19th street near the railroad crossing while rain was falling at 2:25 p.m. Friday, hit the rear of a parked car of William Austin, 2664 Iowa street, knocking it Joyce, 10 Mercer drive, and against the rear of the parked auto of Jack Bowditch, 2916 Sunset drive.

Propose Driver License Medical Review Board

Legislation to establish a Drivers License Medical Review Board in the Department of Public Health (H. 1610 and H. 1611) has been introduced into the General Assembly at his request, Secretary of State Paul Powell said Friday.

Two other measures introduced at Powell's request call for increasing the driver license fee from \$3 to \$5, with the additional \$2 to be deposited in the Driver Education Fund (H. 1608) and transferring supervision of commercial driver training schools from the Secretary of State to the Superintendent of Public Instruction (H. 1609). The latter measure is supported by Supt. Ray Page, whose office now administers the High School Driver Education Program.

The Medical Review Board would set standards for determining when a person's physical or mental condition renders him unsafe to operate a motor vehicle. It would certify persons found to be unsafe to operate a motor vehicle to Powell's office for revocation, suspension or cancellation of their driver license or for denial of a requested license.

Information on individual cases to be reviewed by the board would be submitted by physicians, optometrists, hospital and clinic employees, welfare and social workers and other individuals.

Crash Follows Skid

Two autos moving north on Edwardsville road collided while attempting left turns onto 20th street during rain at 12:15 p.m. Friday. There was damage to the rear of the auto of Harold Joyner, 10 Mercer drive, and the rear of the auto of J. one Mendoza, 1647 Olive street, which skidded on wet pavement.

School Secretaries At Spring Conference

Four members of the Granite City community unit school secretarial staff attended the Illinois Association of Educational Secretaries spring conference Friday and Saturday at Springfield.

State Supt. of Public Instruction, Ray Page, was the featured speaker, and a land of Lincoln tour was included. Those attending were Mrs. Vivian Hillen of Wilson school, Mrs. Martha Katzman of Mitchell school, Mrs. Catherine Wittervongel of Parkview school and Mrs. Delores Yates of Prather junior high school.

Break School Windows

Supt. John Pier reported to Venice police Friday that two windows in the Venice public school had been damaged by vandals, apparently with air rifle pellets. One window was broken on the left door in the center of the building on the Seventh street side, and the other was broken in the right door at the end of the building.

Car Theft Defendant Held on \$12,000 Bond

Robert Lee Braggs, 31, St. Louis, was held under bonds totaling \$12,000 today after he pleaded innocent to five charges in the court of magistrate Merlin Hiscott. Braggs was expected to be transferred from the Venice city jail to the county jail at Edwardsville this morning.

Braggs entered innocent pleas to charges of possession of hypodermic needles and syringes, attempted car theft, reckless driving, speeding and driving without a driver's license. A warrant charging car theft also is held for Braggs' arrest by St. Louis police.

He was arrested last Wednesday afternoon by John Essington, assistant chief of police at Venice, following a chase at speeds up to 90 miles an hour on Broadway. Police said he was driving a car stolen in St. Louis, bearing license plates stolen from still another car in St. Louis.

Police also found a bag in the car containing a crowbar, pliers and screwdrivers.
